

# Welcome to the Linux User Group monthly meeting

UGANDA  
LUG

*Workshop developed in collaboration with...*

BRINGING THE  
BEING INTO  
BUSINESS

23rd November 2009

While we wait for everyone to arrive, let's spend some time getting to know each other...

- Reach under your chair and take the piece of paper
- In pairs of 2 read out and reply to the question
- Once you are complete, pair up with another pair (i.e. Group of 4), and each person to ask the question in the group
- Once everyone in the group of 4 has answered at least 1 question, find another group of 4 and repeat the exercise in a group of 8

# Event Scope

## Objectives:

- To promote, increase awareness and grow the LUG community in Uganda
- To bring together like minded passionate people to share knowledge, insights and ideas
- To provide you the opportunity to be involved in shaping the future evolution of the web
- To welcome and host Sir Tim Berners-Lee and the Web Foundation in Uganda

## Event flow

- The event will be an interactive day, including speakers, discussion groups and a Q&A session
- In order to support us achieve our outcomes, we need your support...

## Ground rules

- Please switch mobile phones off
- Do not leave or enter mid session – speakers are being recorded
- Please adhere to timings – let the music guide you
- Introduce yourself, the first time you speak
- Headline and summarise the work of your team comments – move the group forward
- We want your participation – please follow assignment instructions
- One conversation at a time – hands up – only speak if you are handed the mic
- Submit your questions to the “hat”
- No discussion on slowness of internet or about the effectiveness of current ISP’s
- No personal agenda’s or sales pitches
- No political or religious bias

# Event design
